**PANDEMIC PLANNING GUIDE**

- **Canadian Pandemic Influenza Preparedness: Assessing preparedness - Government of Canada**
  

  This is a guiding document with the intention of supporting the health emergency response in public spaces. Created by a group of Canadian experts, this information encourages a consistent and coordinated response between jurisdictions.

- **Pandemic Influenza Business Checklist - Government of Alberta**
  

  This is a checklist for public sector organizations and businesses to use, in order to organize their efforts on a day-to-day basis. This is a tool to assist in implementing planning protocol into your public space.

- **Pandemic Preparedness – American Library Association**
  

  This document is a pandemic planning tool from the American library Association. It discusses preparation, including library-specific policy suggestions and more universal resources on pandemic education and prevention.

- **2019 Pandemic Guide – BOMA Canada**
  

  This updated version of the pandemic guide will support public dominated spaces with information, as they prepare to manage a pandemic outbreak. This assists you, your employees, your tenants, your vendors and your guests in practicing safety, health and security throughout all your buildings.

- **Risk-informed decision-making for mass gatherings during COVID-19 global outbreak – Public Health Agency of Canada**
  

  Guidelines for conducting a risk assessment when determining the public health actions related to a mass gathering during the COVID-19 outbreak.
• Business Continuity Plan - Canadian Center for Occupational Health and Safety
  https://www.ccohs.ca/publications/PDF/businesscontinuity.pdf

  This document focuses on how to create a pandemic plan for your space, understanding the changes that occur during that process, and how to manage them. This focuses on taking you through the steps of planning, where to start and how to implement changes throughout your space, to keep staff and public safe.
