### **OLA Statement on Staff and Volunteer Participation**

OLA strives to ensure that its staff, committees, and councils are diverse and inclusive in order to best serve the Ontario library community. There is immense value in bringing together various perspectives and ideas.

OLA seeks out participation from members with different library experience; members from all regions of Ontario; Indigenous Peoples; and members with diverse backgrounds including but not limited to age, race and ethnicity, sexual orientation, gender identity, and ability. If you have any questions about getting involved, please contact the OLA staff liaison for the committee/council.
